Re: "Deep Learning-based Human MRI Reconstruction and Preprocessing with Artificial Fourier Transform Network (AFT-Net)"

Dear Colleague:

Thank you for submitting an abstract to be considered for presentation at the scientific sessions of the 2024 ISMRM & ISMRT Annual Meeting & Exhibition in Singapore on 04 - 09 May 2024.

I am pleased to inform you that your abstract (title above) has been selected for in-person presentation as a digital poster at the Annual Meeting. Additional session guidelines and detailed presentation instructions will be sent at a later time. The format and submission of digital posters will change for 2024, with complete instructions and guidelines available shortly at the meeting website.

Formal presentation sessions for digital poster sessions will be one hour in length. Your digital poster is tentatively assigned to be presented during the following session:

Session: AI/ML Image Acquisition & Reconstruction

Day/Date: Thursday, 09 May 2024

Session Time: 14:45

The digital poster format for 2024 includes a redesign to enhance browsability and to improve interaction with a broader group of attendees. This is achieved through a standardized format of summary text with links to positions within a video that is uploaded. Detailed instructions on this format and how to upload will be shared soon.

The tentative schedule will be posted on the ISMRM website at <https://www.ismrm.org/24m/>. Program numbers will be assigned in March. Please note that the precise date and time of your

presentation may still change, though we will make every effort to avoid a major reallocation. When you arrive at the meeting, however, please verify the time of your session in the official program in case there have been last-minute changes.

Authors who submitted more than one abstract will receive a separate letter indicating the outcome for each submission.

Stipend Notifications

Educational, Clinical, New Entrant, and E.K. Zavoisky Stipend applicants should NOT register for the meeting until they have been notified of the status of their stipend application. Notifications of stipend awards will be sent out within the next few weeks.

The meeting Proceedings will be published online only, with the full text of all accepted abstracts available to advance registrants on 19 April 2024. Submission of your work constituted a commitment by the author(s) to present. Unexcused failure to present will jeopardize participation in future ISMRM programs.

For a list of all abstracts accepted for presentation at the Annual Meeting, please go to https://www.ismrm.org/24/accepted_abstracts.pdf.

The deadline for early registration is 04 April 2024. Please visit <https://www.ismrm.org/24m/> for more information.

On behalf of the Annual Meeting Program Committee, I thank you in advance for your participation in this year's meeting. Our members and attendees look forward to learning about your work.

Best regards,

Brian Hargreaves, Ph.D.
2024 ISMRM Program Chair
